

# Tobacco Outlook

## List of Tables

-----

Approved by the  
World Agricultural  
Outlook Board.

After this issue of *Tobacco Outlook*, ERS will no longer maintain an active tobacco market analysis program and will discontinue publication of *Tobacco Outlook* and *Tobacco Yearbook*. This action is prompted by the elimination of the Federal tobacco program and departure of the ERS tobacco analyst. ERS will continue, however, to include tobacco in ongoing research on farm structure, trade, and other key issues.
